LEGENDARY TASTE
FOR 130 YEARS

{ Traditional Flavors
Time-Tested Processes }

1.800.458.6102 • WEAVERSOFWELLSVILLE.COM

1 Our History. Weaver's of Wellsville is a fifth-generation family-owned business that still makes its smoked meat products over real wood fires, an art that is being lost in today's age of mass production. People from all over the county (most of whom have resided in the York County region at some point in their lives) order Weaver's products year-round, knowing there is no equal to the flavors we have offered for over 130 years.

2 Original Ring Bologna. A party favorite, our ring bologna is available in a variety of flavors. Choose from our Classic Traditional flavor, Garlic flavored, Hot Pickled, or blended with Spicy Hot Pepper Cheese.

3 Arianna's Bakery. We are a family-owned and run business, doing our very best to bring you the best in our secret recipe baked goods. As we stir and bake up batches of cake rolls and Lancaster County ShooFly pies, we dream up ways to tweak the recipes to make them even better than perfection.

4 T. Marzetti. The T. Marzetti ambition is to become The Better Food Company. That means bringing together better people who make better products in a better corporate culture, and who work in unison to make the world a little bit better every day.

5 Kettle Cuisine. Homemade soups made from scratch using all natural and whole ingredients. Each batch is personally overseen by a Chef to ensure the flavors are layered and consistent. Our soups are as homemade as if you made them in your own kitchen, you are simply outsourcing your chef.

6 Bake'n Joy. A company whose mission is to enhance its customers' business and provide the highest-quality bakery products and the best possible services to the food industry. A company that produces the highest-quality bakery product from mixes, frozen batters, predeposited bakery products and finished baked products.

7 Gourmet Boutique. Our products, which are made by hand using the finest ingredients and cooked in small batches, provide our customers with innovative solutions, efficiencies and differentiation.

8 Smoked Beef Sticks. The perfect smoky snack on the go, our Smoked Beef Sticks offer a peppery flavor and our signature smoke at only 100 calories per stick.

9 Double Smoked Bone-In Ham. Double the smoke, double the flavor. Our hams are smoked twice in our outdoor smokehouses over a real fire. This is the ham your family deserves this holiday. Our hams are best prepared in a covered roasting dish with 1" of water & cooked for 15 minutes per pound at 325 degrees Fahrenheit.

10 Small Batch Sweet Bologna. You can taste five generations of experience in every bite of our Small Batch Sweet Beef Bologna. Smoked over an open fire in our outdoor smokehouses, this bologna is a treat that can't be matched.

11 Hickory Smoked Hot Sausage. A red pepper blend gives this sausage the perfect amount of kick. Enjoy it grilled, pan fried, or as part of a recipe.

12 Double Smoked Bacon. It's bacon smoked twice over an outdoor open fire. Do we need to say more?

OUR HISTORY

Since 1889, Weaver's of Wellsville has brought our family and community spirit to everything we do – it's a spirit built on the love and respect of our community, our employees, and our customers. We know that we couldn't have become a fifth-generation business any other way.

From our first-generation butcher shop in Wellsville to our second-generation shop, a farmers market stand, and home delivery peddle trucks, and to our third-generation delivery to local grocers and restaurants, our legacy has shone through the

quality of our products and the dependability of our service.

In the mid-1990s, fourth-generation Weaver, Craig, raised the company to the next level. Already in the delivery business, Craig "gathered up everyone else who needed a ride,"

and made Weaver's a distributor. Those businesses who came along, "they're the businesses we trust, and who trust us to market and distribute their quality products and to treat their customers just like our own," says Craig.

“ Word got around that we give our customers the greatest service we possibly can, and most importantly, we're dependable. Our business has always been built on our dependability and service. ”

Craig Weaver, 4th Generation

Today, Craig and fifth-generation Weavers, Cole and Seth, lead our company and unwaveringly embrace our original values. Thinking about the growth he's seen in his lifetime from three employees to over 70, and a full fleet of

delivery trucks, Craig Weaver says, "We're growing, but our values are the same. We are going to interact with our customers, treat them with respect, and go out of our way to give them the greatest service we possibly can."
